We support Proposition 14 because it has the potential to provide life-changing and lifesaving treatments and cures for the millions of Californians suffering from and impacted by chronic diseases like **[insert specific disease if applicable]**. Join us in fighting for this measure that could save your life or the life of someone you love. Learn more at: YESon14.com. [@CAforCures](https://twitter.com/CAforCures) #Yeson14 #CAforCures

On November 3rd, California voters will have the opportunity to continue forging a pathway for future treatments and cures for those suffering from chronic diseases. Proposition 14 will advance treatments and achieve cures for chronic diseases and conditions including cancer, diabetes, heart disease, spinal cord injuries, blindness, HIV/AIDS and many others. We cannot lose the progress that has been made and must continue this journey. Learn more at: YESon14.com. [@CAforCures](https://twitter.com/CAforCures) #VoteForCures

We are proud to join a large and diverse coalition of patient advocacy organizations, patient advocates, medical experts, scientists and Nobel Prize winners in supporting #YesProp14 to advance the development of lifesaving treatments and cures for diseases that touch the families of nearly all Californians – from cancer and diabetes to Alzheimer’s and Parkinson’s.
